- ADAP**
- Any motorized vehicle or any device powered with flammable liquid cannot be stored in the vehicle storage area, explosion, or asphyxiation of stored or transported vehicle. To reduce the risk of fire, explosion, or asphyxiation:
1. Passengers shall not ride in the vehicle storage area while vehicles are present.
 2. Occupants shall not sleep in the vehicle storage area while vehicles are present.
 3. Doors and windows in walls of separation (if installed) shall be closed while vehicles are present.
 4. Fuel shall be run out of engines of stored vehicles after shutting off fuel at the tank.
 5. Motor fuel shall not be stored or transported inside the vehicle.
 6. The storage area shall be ventilated.
