**⚠ DANGER**  
**DO NOT GET UNDER THIS TRAILER**  
This trailer is equipped with an air suspension and may tip, suddenly and without warning, lower several inches causing crushing injury or death.  
Jack stands should be placed under all four corners of the floor of this trailer before any service or repair is attempted.

**⚠ WARNING**  
Check connecting ground wires before plugging in power.  
• Make sure all wires have been properly grounded.  
• Check for proper wiring connections.  
• Do not use any power wires for anything other than their intended purpose.  
• Always use proper safety procedures when working with electrical systems.  
• Make sure all connections are properly secured.  
• Do not touch any electrical components when the trailer is plugged in.  
• Always use proper safety procedures when working with electrical systems.  
• Make sure the trailer is properly grounded.  
• Check for proper wiring connections.  
• Do not use any power wires for anything other than their intended purpose.

**⚠ WARNING**  
• Do not operate this trailer unless you have read and understood the safety information in the owner's manual.  
• Failure to properly operate and maintain the towing vehicle and trailer can result in injury.

**⚠ WARNING**  
Do not walk on roof  
If not installed, could result in injury.

**⚠ WARNING**  
Always make sure  
to use proper safety  
procedures when  
working with electrical  
systems.

**⚠ CAUTION**  
Do not touch  
electrical components  
when the trailer is  
plugged in.

**⚠ CAUTION**  
Do not touch  
electrical components  
when the trailer is  
plugged in.

**⚠ CAUTION**  
Do not touch  
electrical components  
when the trailer is  
plugged in.

LISTA

ALUMINUM WORKBENCHES AND PARTS  
D. THE QUALITY OF THE WORK IS GUARANTEED  
FOR THE LIFE OF THE PRODUCT.  
REPAIRS ARE MADE BY THE MANUFACTURER.

WARNING: This workbench is made of stainless steel. It is not recommended to use this workbench for cutting or grinding operations. The sparks generated during these operations can damage the surface of the workbench and create a fire hazard. Always use appropriate safety precautions when working with this workbench.

PLEASE DO NOT REMOVE THIS LABEL  
UNLESS YOU ARE SURE THAT THE  
REPLACEMENT PART IS THE SAME AS THE  
ORIGINAL PART.

**⚠ DANGER**

An electrical outlet or any electrical equipment powered with flammable liquid and gases fire, explosion, or asphyxiation is allowed or transported within the operating vehicle. To reduce the risk of fire, explosion, or asphyxiation, the following instructions are provided:

1. Do not smoke in the vehicle storage area while vehicles are present.
2. Close doors and windows to vents of maximum fire hazard when any vehicle is present.
3. Shut off air or propane of stored vehicles after the service.
4. When the warning, explosion, or air ventilation alarm sounds, evacuate the transportation area immediately and proceed to the nearest fire extinguisher.
5. Do not use any electrical equipment, light, or other equipment while vehicles are present.

FAILURE TO COMPLY COULD RESULT IN AN ACCIDENT, INJURY, OR DEATH.

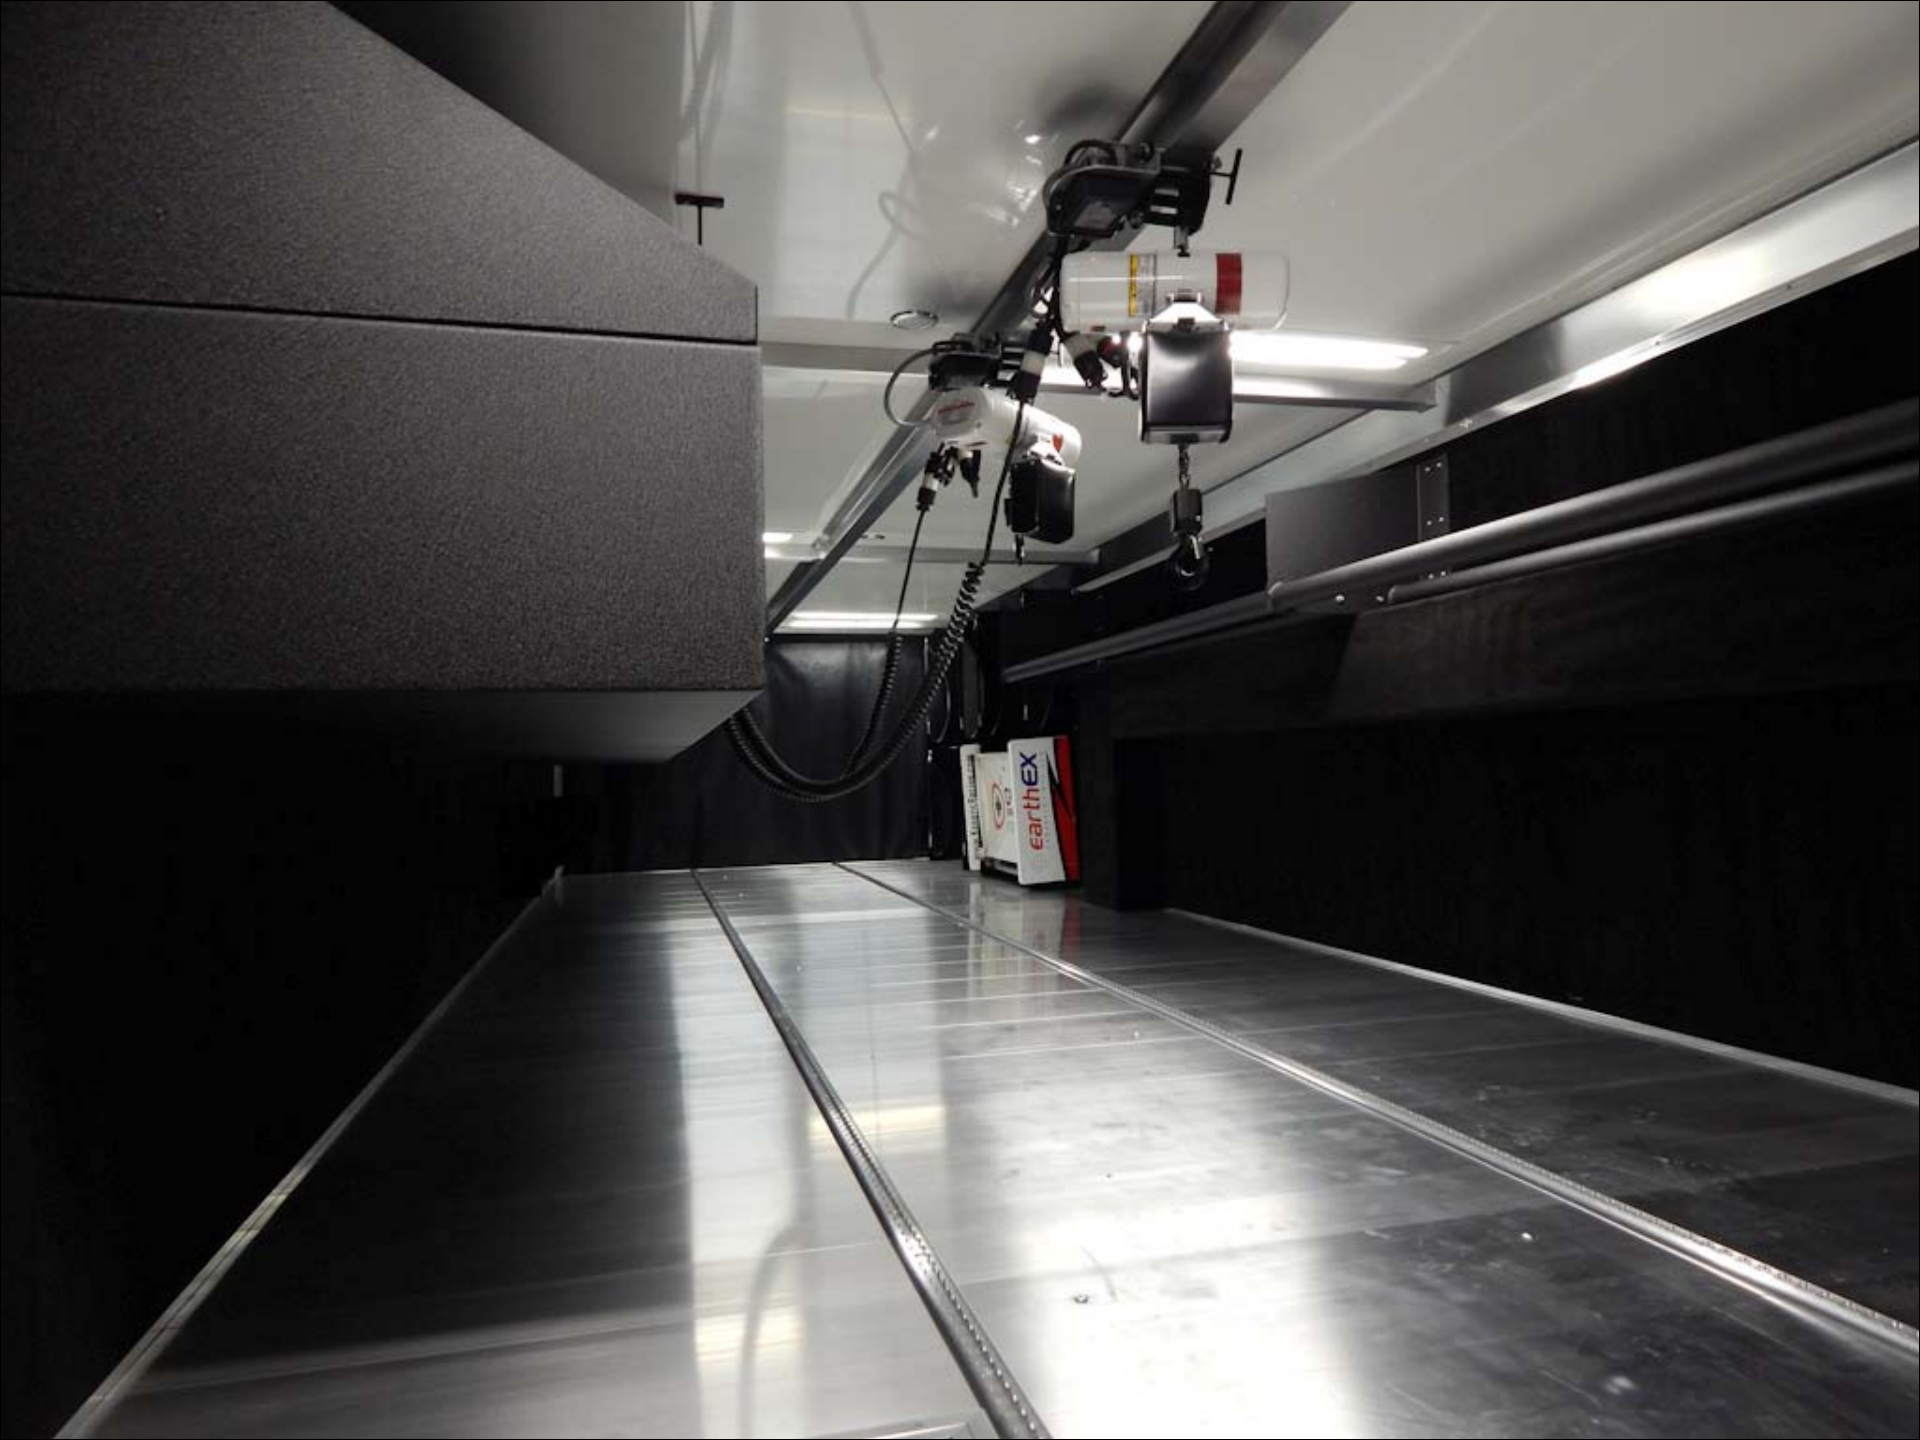

WARNING: This workbench is made of stainless steel. It is not recommended to use this workbench for cutting or grinding operations. The sparks generated during these operations can damage the surface of the workbench and create a fire hazard. Always use appropriate safety precautions when working with this workbench.
