**⚠ DANGER**

**⚠ DANGER**

- Any motorized vehicle or any motorized equipment powered with flammable or combustible liquid can cause fire, explosion, or asphyxiation if stored or transported within the recreational vehicle. To reduce the risk of fire, explosion, or asphyxiation, observe the following instructions:
1. Do not sleep in the vehicle storage area while vehicles are present.
  2. Do not sleep in the vehicle storage area while vehicles are present.
  3. Close doors and windows in wake of separation (if installed) while any vehicle is present.
  4. Run fuel out of engines of stored vehicles after shutting off fuel at the tank.
  5. Do not store, transport, or dispense fuel inside this vehicle.
  6. Open the windows, openings, or air ventilation systems provided for venting the transportation area when vehicles are present.
  7. Do not operate propane appliances, pilot lights, or electrical equipment when motorized vehicles are present.

FAILURE TO COMPLY COULD RESULT IN AN INCREASED RISK OF FIRE, EXPLOSION, ASPHYXIATION, DEATH, OR SERIOUS INJURY.

Control panel with a digital display showing '0' and several buttons.
